

# MARSHMALLOW SNOWMAN OVER HOT CHOCOLATE

Nothing is better than a mug of hot chocolate on a cold winter night! These marshmallow snowmen float in a mug of hot cocoa for an adorable and tasty winter treat. Everyone will enjoy making and “drinking” these!

## Materials

- Large marshmallows
- Pretzel sticks
- Candy corn
- Mini chocolate chips
- Extra long toothpicks (4 inches)

## Instructions

Prepare hot chocolate per instructions, and make sure it's not too hot.

Use one long toothpick and thread three marshmallows on it. Carefully, take another toothpick and make holes in the marshmallows where you want the arms, legs and nose to go. Use the pretzel sticks to make the arms and legs. Press the mini chips into the middle marshmallow for the buttons on the coat. Use the remaining chips to make eyes and a mouth with a candy corn as the nose. Place the snowman inside a cozy mug of hot chocolate, and enjoy your special moment!
